

CAULK

 Singles

Introducing a revolutionary simple way to apply caulk.

It may look like just a pretty package, but don't be fooled. It's actually a caulking breakthrough. Because GE Caulk Singles is engineered to make it easier than ever to get beautiful results. You can forget about hard-to-use squeeze tubes and cumbersome caulking guns. They're a thing of the past. Now it's easier to create an even bead of caulk with just one hand. It can't get any simpler than that.

TEAR.

SQUEEZE.

TOSS.

GE Caulk Singles make beautifying and maintaining your home remarkably easy.

- Help create an even, neat bead of caulk despite changes in pressure
- Easy to handle and to fit into tight spaces
- Require no instruction, experience or additional tools
- Dispense caulk evenly from the back to the front of the package
- Single-use, disposable packaging minimizes waste and storage
- Cut down clean-up and dry time
- Small enough to store in a drawer, toolbox or pocket
- Available in "paintable" or "waterproof"
- Perfect size for touch-up and small jobs:

- | | | |
|-----|---|--|
| 1 |  | = small jobs: sink. fixtures. touch ups. |
| 2-3 |  | = medium jobs: bathtub. window. |

Licensed Products

Do you need waterproof or paintable caulk?

If you're working with baths, kitchens, windows or doors, you'll need caulk that keeps water out. So be sure to use our 100% Silicone caulk, which is permanently waterproof. If water isn't an issue and you plan to paint over the caulk, then Acrylic Caulk Singles is your best choice.

Waterproof Caulk Singles

- Permanently waterproof
- Will not shrink or crack
- Permanently flexible
- Cured caulk is mildew resistant
- Non-paintable
- Available in white and clear

Paintable Caulk Singles

- Paintable
- Soap & water clean-up
- Strong adhesion to surfaces
- Cured caulk is mildew resistant
- Available in white
